Subject: Arctic Fox

- Home page / Brief Intro/description: a photo, other common names, brief mention of its habitat/location (maybe include a map), basic description of the fox, a menu to get to the other pages
- Habitat (in depth): specific countries/regions where it's found, explanation of an arctic tundra, seasonal migration, origin – will include a map, pictures of arctic tundra biome, etc.
- Behavior: basic year-round behavior, diet, mating and reproduction, sleep
- Adaptations to Environment: fur color and alleles, hearing range, sense of smell, advantageous genes to overcome extreme cold and starvation periods
- Taxonomy: what (fox) species and families is it closely related to? (Maybe include a taxonomy tree? plus photos of the other closely related species)
- Conservation Status: not endangered (yet), population fluctuations, numbers compared to other fox species
